Dear Frank,

Apparently Ms. Kahn still does not get it. I do not have a grievance, but a RIGHT as a dues paying member to see the results directly from Election Services. Let me explain, the monies paid to you by Ms. Kahn came from the Staff Union fund. I contribute to this fund on a monthly basis; therefore, I am paying for your services. The monies paid to you do not come from Ms. Kahn's pockets. In all fairness, transparency, and the integrity of your company, releasing the results from and on Election Services letterhead, would be in your company's best interests. I have many rights, and one of them would be to go to the press explaining how the election company will not release the results to the people that are actually paying for you services. That sort of publicity you do not need. There is also the issue of staff not receiving the e-mails to vote, and staff that are not supposed to vote getting your e-mail's to vote. Ms. Kahn kept ignoring their repeated efforts to contact her so she can rectify this problem (of not getting the e-mail). Needless to say, the problem was never addressed, so a significant number of staff did not have the opportunity to vote.

So, in closing, I appeal to you to use your good common sense and release the results,
John Saffir

PS. I am unaware of any dispute body that the polling officers have set up. I doubt if one even exists.

Dear Frank,

Thank you for bringing this to my attention.

If Mr. Saffir has a grievance he can bring it to the relevant dispute body that has now been set-up through the efforts of the Polling Officers.

Regards,
Bibi
